

19 March 2020

Dear Students

All schools including ours will close this Friday (20/03/20). This will probably last for a long time, possibly until September 2020.

Some of your teachers are sick or caring for others who are sick. We don't have enough staff to teach everyone in school. Not everyone will be allowed to come to school as a result of this. Everyone can access learning online though and you have been told how to do this.

Some of you will be able to come to school if your parents are essential workers or if you need extra help from school that your parents might find hard to provide. Your parents will be asked to fill in a form later today and will let you know if you have to come to school.

We don't know what will happen to exams this year yet although they will not take place in May and June. I would strongly advise that you keep studying hard in case there is an announcement about exams soon.

I am aware that some of you may be worried and some of you or your family and friends may be sick. We all need to help each other and stay together as a community at this time. If we help each other, we will get through this.

Do not hesitate to communicate with your teachers using the DPR. We are here for you.

Please support your family and your school at this time. Stay at home. This is the safest way of containing the virus, protecting yourselves and your loved ones.

Yours sincerely

Omar Deria
Headteacher
