

10 December 2020

Dear Parents/Carers

**Covid - 19 Track and Trace - Government update regarding the Christmas Holiday.**

Following on from government advice students need to contact the school if they have tested positive having developed COVID symptoms within 48 hours of their last day in school. This should be done by sending your child's positive test results to [contact@cumberlandcst.org](mailto:contact@cumberlandcst.org).

If symptoms were developed more than 48 hours after your child's last day in school, then the school does not need to be contacted.

If your child needs to isolate, you will be contacted via ParentMail.

The last day that the school will be monitoring this over the Christmas period is Wednesday 16 December 2020 as required.

Please do not send your child back to school at the start of the new term if they have symptoms, are awaiting a test result or if a member of your household is displaying symptoms or has tested positive. Please follow the usual sickness absence procedures.

Coronavirus Symptoms

Here is a reminder of the main Coronavirus symptoms:

- a high temperature – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- a new, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual) · a loss or change to your sense of smell or taste – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal.

Yours Faithfully

Head of School
