

Determined, ambitious learners

31 March 2020

Dear Parents/Carers

Congratulations to all those students who have engaged with the Dynamic Progress Report (DPR) and Virtual Learning during these challenging times. We recognise that some of you may not have adequate access to ICT/Internet equipment and we are looking to resolve this issue as quickly as possible.

We may be in a position to loan you a school device if your child or children require additional devices in order to follow their timetabled lessons. To be considered for this please complete this google form:

Thank you for your support during these uncertain times.

Yours sincerely,

Omar Deria
Head of School
