

Determined, ambitious learners

11 June 2020

Dear Parents / Carers

I hope you are well. Your child has finished their GCSE courses, which means they are ready to start completing transition work in preparation for their post-16 courses in September. We have uploaded transition work onto the DPR for students to complete over the summer.

Transition tasks have been set to help prepare students for the rigour of further educational studies and also, to advance their knowledge and awareness of what these new courses are comprised of. With the extended break in education likely to remain for the majority of the summer term, it is important that students have detailed, challenging work for them to undertake in order to bridge the gap from Year 11 into Year 12.

Completion of this transition work may be a requirement of the post 16 course that your child will be studying.

I thank you for your continued efforts in supporting your child's education at home.

Yours sincerely,

Mr Rahman
Deputy Headteacher
