

Determined, ambitious learners

4 May 2020

Dear Parents/Carers,

I hope you are as well as can be at this very difficult time. We are trying hard, as a school, to maintain our high standards of learning and our teachers are working hard to deliver.

We are tracking your child's learning closely, during this time, by looking at the quantity and quality of work submissions teachers are receiving from your child on the DPR. After we come out of this crisis, work missed by students will need to be caught up. We don't know how this will happen yet but ideas under consideration currently include weekend or evening working for some students. The more work that can be done now, the less likely it is that this will apply to your child.

It is very important that you make every effort to ensure your child continues to learn during this crisis. I realise that for a very small number of students this is difficult. If your child does not have access to ICT at home or is finding it difficult to engage with their learning for other reasons, we may be able to accommodate them on site. Please email the school at contact@cumberlandcst.org, if this applies to you.

Yours sincerely,

Mr Deria
Head of School
